CHOOSING THE CORRECT HURLEY SIZE

Choosing the correct size hurley will increase a player's success at mastering the skills of the game. A shorter, lighter hurley is especially recommended for children and those new to the game.

## **HOW TO MEASURE THE CORRECT SIZE:**

- Player stands nice and relaxed with their hands down by their sides.
- The distance from the ground to their wrist is the correct length.
- Player should be able to hold the hurley at the top and the hurley should be just touching the ground.
- If a player is between sizes it is still better to have the hurley too small rather than too big.

## **TOP TIP!**

With the correct size, your finger should align with/touch the player's wrist bone. Place your finger horizontally just underneath the grip as shown.

## WHAT ABOUT THE WEIGHT?

Players should hold hurl in their dominant hand and be able to make ever increasing larger circles for 30 seconds comfortably. Then this is correct weight.
